lkn@azdeq.gov

The Arizona Department of Environmental Quality (ADEQ), in association with Show Low Main Street, is pleased to visit Northeastern Arizona to provide information and answer questions on two important grant programs administered by ADEQ - Brownfields and Recycling. This informal session is welcome to all, including representatives of local governments, business and industry, and non-profit organizations and residents.

Do You:

Own or control property for which a planned redevelopment project may be complicated by pollution or of pollution perceived to be on a property; or

Have an interest in recycling, source reduction or projects that will educate residents about recycling opportunities?

If So:

We invite you to join us for this informational session.

Directions: At the intersection of U.S. Highway 60 and State Highway 260, drive south on Highway 260 for two blocks, and then turn right (west) onto Hall Street. The Show Low Library is two blocks west.
